

March 14, 2020

Dear Parents,

With the announcement of a second case of COVID-19 in Monroe County, things are evolving hour by hour. At this time, most Monroe County schools will be open Monday, including Nazareth, but Greece Central has closed its schools. This will impact the small number of you who receive Greece busing. *Please check for updates from Nazareth over the weekend and beyond.*

Things to do now:

1. Refer to the communications sent out this past week re: safety precautions and resources. (also on our website)
2. Plan for needed child care coverage when we do close for an extended period of time.
3. If you do not have internet at home, here is a link for free internet service while schools are closed. Teachers will be connecting with students on-line with daily lessons.

[Charter to offer free access to Spectrum broadband, WiFi during virus outbreak | RochesterFirst](https://www.rochesterfirst.com/coronavirus/charter-to-offer-free-access-to-spectrum-broadband-wifi-during-virus-outbreak/)

ROCHESTER, N.Y. (WROC) — Charter will offer free services to families around the nation in the middle of the COVID-19 coronavirus outbreak. The changes will be offered on Monday, March 16 and will continue for the following 60 days. Charter will offer free Spectrum broadband and Wi-Fi access for ...

Spectrum has offered free internet for students.

Most of all, stay calm so that your children do not panic or become fearful. These are unsettling times and we are all walking into uncharted territories, but we are all in this together. Let us hold one another in prayer as we continue to pray for all those impacted in any way by COVID-19.

Thank you!

Sr. Margaret
