## Tips for “Back to School” Shopping: Summer 2021

Due to the ongoing pandemic, the size of our store, staffing and feedback from our customers, we will be utilizing appointments only for fitting room usage with limited store capacity again this summer.

- To make an appointment, please call us at (585) 654-7522. If we are unable to answer the phone, please try again. Voice messages may not be received or returned right away and we want to make sure your appointment is confirmed.
- Appointments are made in 30-minute increments. 1-2 students typically only need 30 minutes; 3+ students will usually need at least 1 hour. Use your personal discretion when making your appointment to fit your needs.
- We try to stay on schedule as best as possible but in order to do so, we need your assistance. Arrival 15 or more minutes after the start of your appointment will result in cancellation. Families that need additional fitting room time will be asked to make a follow-up appointment.
- If you are shopping for a large family/multiple schools, some families have found it helpful to place an order for what they need ahead of time online (NOT the same day as their appointment) so that we can have all the items pulled ahead of time for you. Use your best guess when ordering sizes – once you begin your appointment and see how items look, we can make adjustments to size/color/quantity of items in your order.
- Store capacity will be limited to approximately 10 people shopping at a time. Please be aware that you may be asked to wait outside until space allows and/or your fitting room is available.
- Order pick-ups: If you are just picking up and not needing to shop or try items on, you can come in at any time without an appointment or waiting outside.
- Online orders with in-store pick up will receive a call when your order is ready. Please allow 7-10 days for processing. Very rarely will your order be available for pick up on the same day it was placed.
